Project Title: Insert clothing brand name here

Time Span: A semester

Goals/Success: Having the most beautiful clothing brand

Minimum Success	Target Success	Epic Success	Failure
Success means achieving 100% of these	Success means achieving 40–60% of these	Your dream picture of success for this project	Success means avoiding 100% of these
• a working product • a grade of 70% or more in the class • being able to present something during demo day • completing every iteration on time • every team member completes their work	• a grade of A- or A in the class • Completing every iteration at least a few days in advance (2-3) • a successful demo where everything works well • every team member feels proud of the work done	• an easy A in the class (90% +) • best demo in the class • A beautiful website worthy of a real clothing brand • rigorously test our project to ensure nothing fails	• a failing product • no demo / product not working • failing grade in the class :O • missing the deadline for a deliverable • not meeting the requirements
